Mrs. Lillian C. West,
Panama City, Fla.

Dear Lillian:

I am in receipt of a letter from the Wickwire Mining Co., per R. C. Mahon. After explaining why he wants an option to explore the lands in which Grandpa had a one-eighth interest, Mr. Mahon says:

> "In order to option these lands it will be necessary for you to furnish all information relative to heirship, wills and probating. It will also be necessary for the interested parties to sign an agreement correcting my father's deed as recorded. My father has sent such an agreement to your mother and I have arranged at her request to have Mr. Chas. Glavin mail her the abstract to these properties. If the agreement is not properly stated to cover the present status of the estate kindly have it corrected."

In the light of the foregoing information I will ask that you deliver to me by mail or in person, as you may elect, the option and abstract mentioned in the paragraph above quoted, in order that this transaction may be consummated without further delay and in a lawful manner.

Sincerely yours,

Phil B. West
